

AIKO

Design by Vincent Cantaert

AIKO LOUNGE modules can accommodate 2 to 20 people. There are endless options to match the required level of leisure and relaxation. The AIKO base is 85 x 110 cm, and can be used in either deep-seating or comfort mode. Very practical rolling side tables are available in 2 dimensions, plus a versatile coffee table, that can also be used as either a corner or end component. The AIKO chaise is a stand alone lounger, can become a double daybed or may be included in any modular combinations. Sofa, L or U-shape configurations are all possibilities.

The upcycled teak matrix base highlights both naturally occurring, and handcrafted distress marks. The Drift-Look incorporates Original or Espresso finishing, and is assembled using traditional box-joints, crafted specifically for robust performance. Stunning Italian High Pressure Laminate (HPL) forms the back of the base, offered in either Alps White or Slate. Upholstery is made from the high density, easy maintenance Sailcloth fabric range, manufactured by best-in-class outdoor textile specialists, Sunbrella: choose color and pattern from Shadow, Sailor or Seagull Grey. The signature collection feature is a gorgeously thick bolster, providing optimal ergonomic support, and facilitating ultimate comfort in informal lounging.

DRIFT-LOOK TEAK

MAMAGREEN drift-look teak is showcasing both natural and handmade distress marks. This 'extra-distressed', recycled teak is then finished, either 'as original', or in rich espresso.

Highly contemporary, texture-rich Drift-look teak is used in our iconic AIKO Collection.

For the Aiko collection, we offer a memory outdoor foam core covered in a water-resistant barrier, therefore some water can remain trapped between the cover and the inner liner. Drying and airing separately, extends the longevity of the cushions. Storing the cushions vertically with the mesh at the bottom side, will improve air circulation.

The purpose of the ventilation holes at the side of the cushions, is to avoid trapping air or “ballooning”.

Tip: enjoy your lounge furniture instantly after a rain-shower using protective covers, but remember to never cover wet cushions with a rain cover, especially for an extended period of time
